

# HOW TO USE Beanstack

**AT HOME!**

Although we would love to see you at the library, sometimes things don't work out! You can also participate in the Summer Reading Club at home, by logging your books online.

1. Log onto [EGPL.beanstack.com](https://egpl.beanstack.com).
2. If you have not already, create an account and enroll in a challenge
3. If you have more than one person on an account, view the top right corner and ensure you are logging under the correct name.
4. Click the "Log Reading" button in the top left corner of the screen.
5. Select "Log Minutes."
6. Fill in the prompted boxes.
7. Once you have completed your log, select "Log Reading."
8. An identical window will appear for you to log any more reading you have completed. When you are finished logging all reading, click the 'X' in the top-right corner to return to Beanstack.
9. Congratulations! If you have won any badges, stop by one of our branches to collect your prize.
